BROUGHT TO LIFE...

ALL URING NG SURFACES

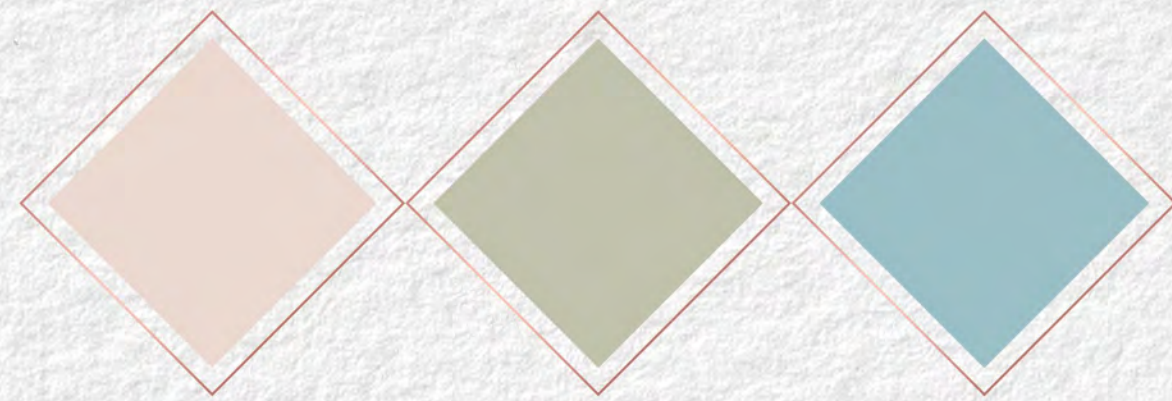

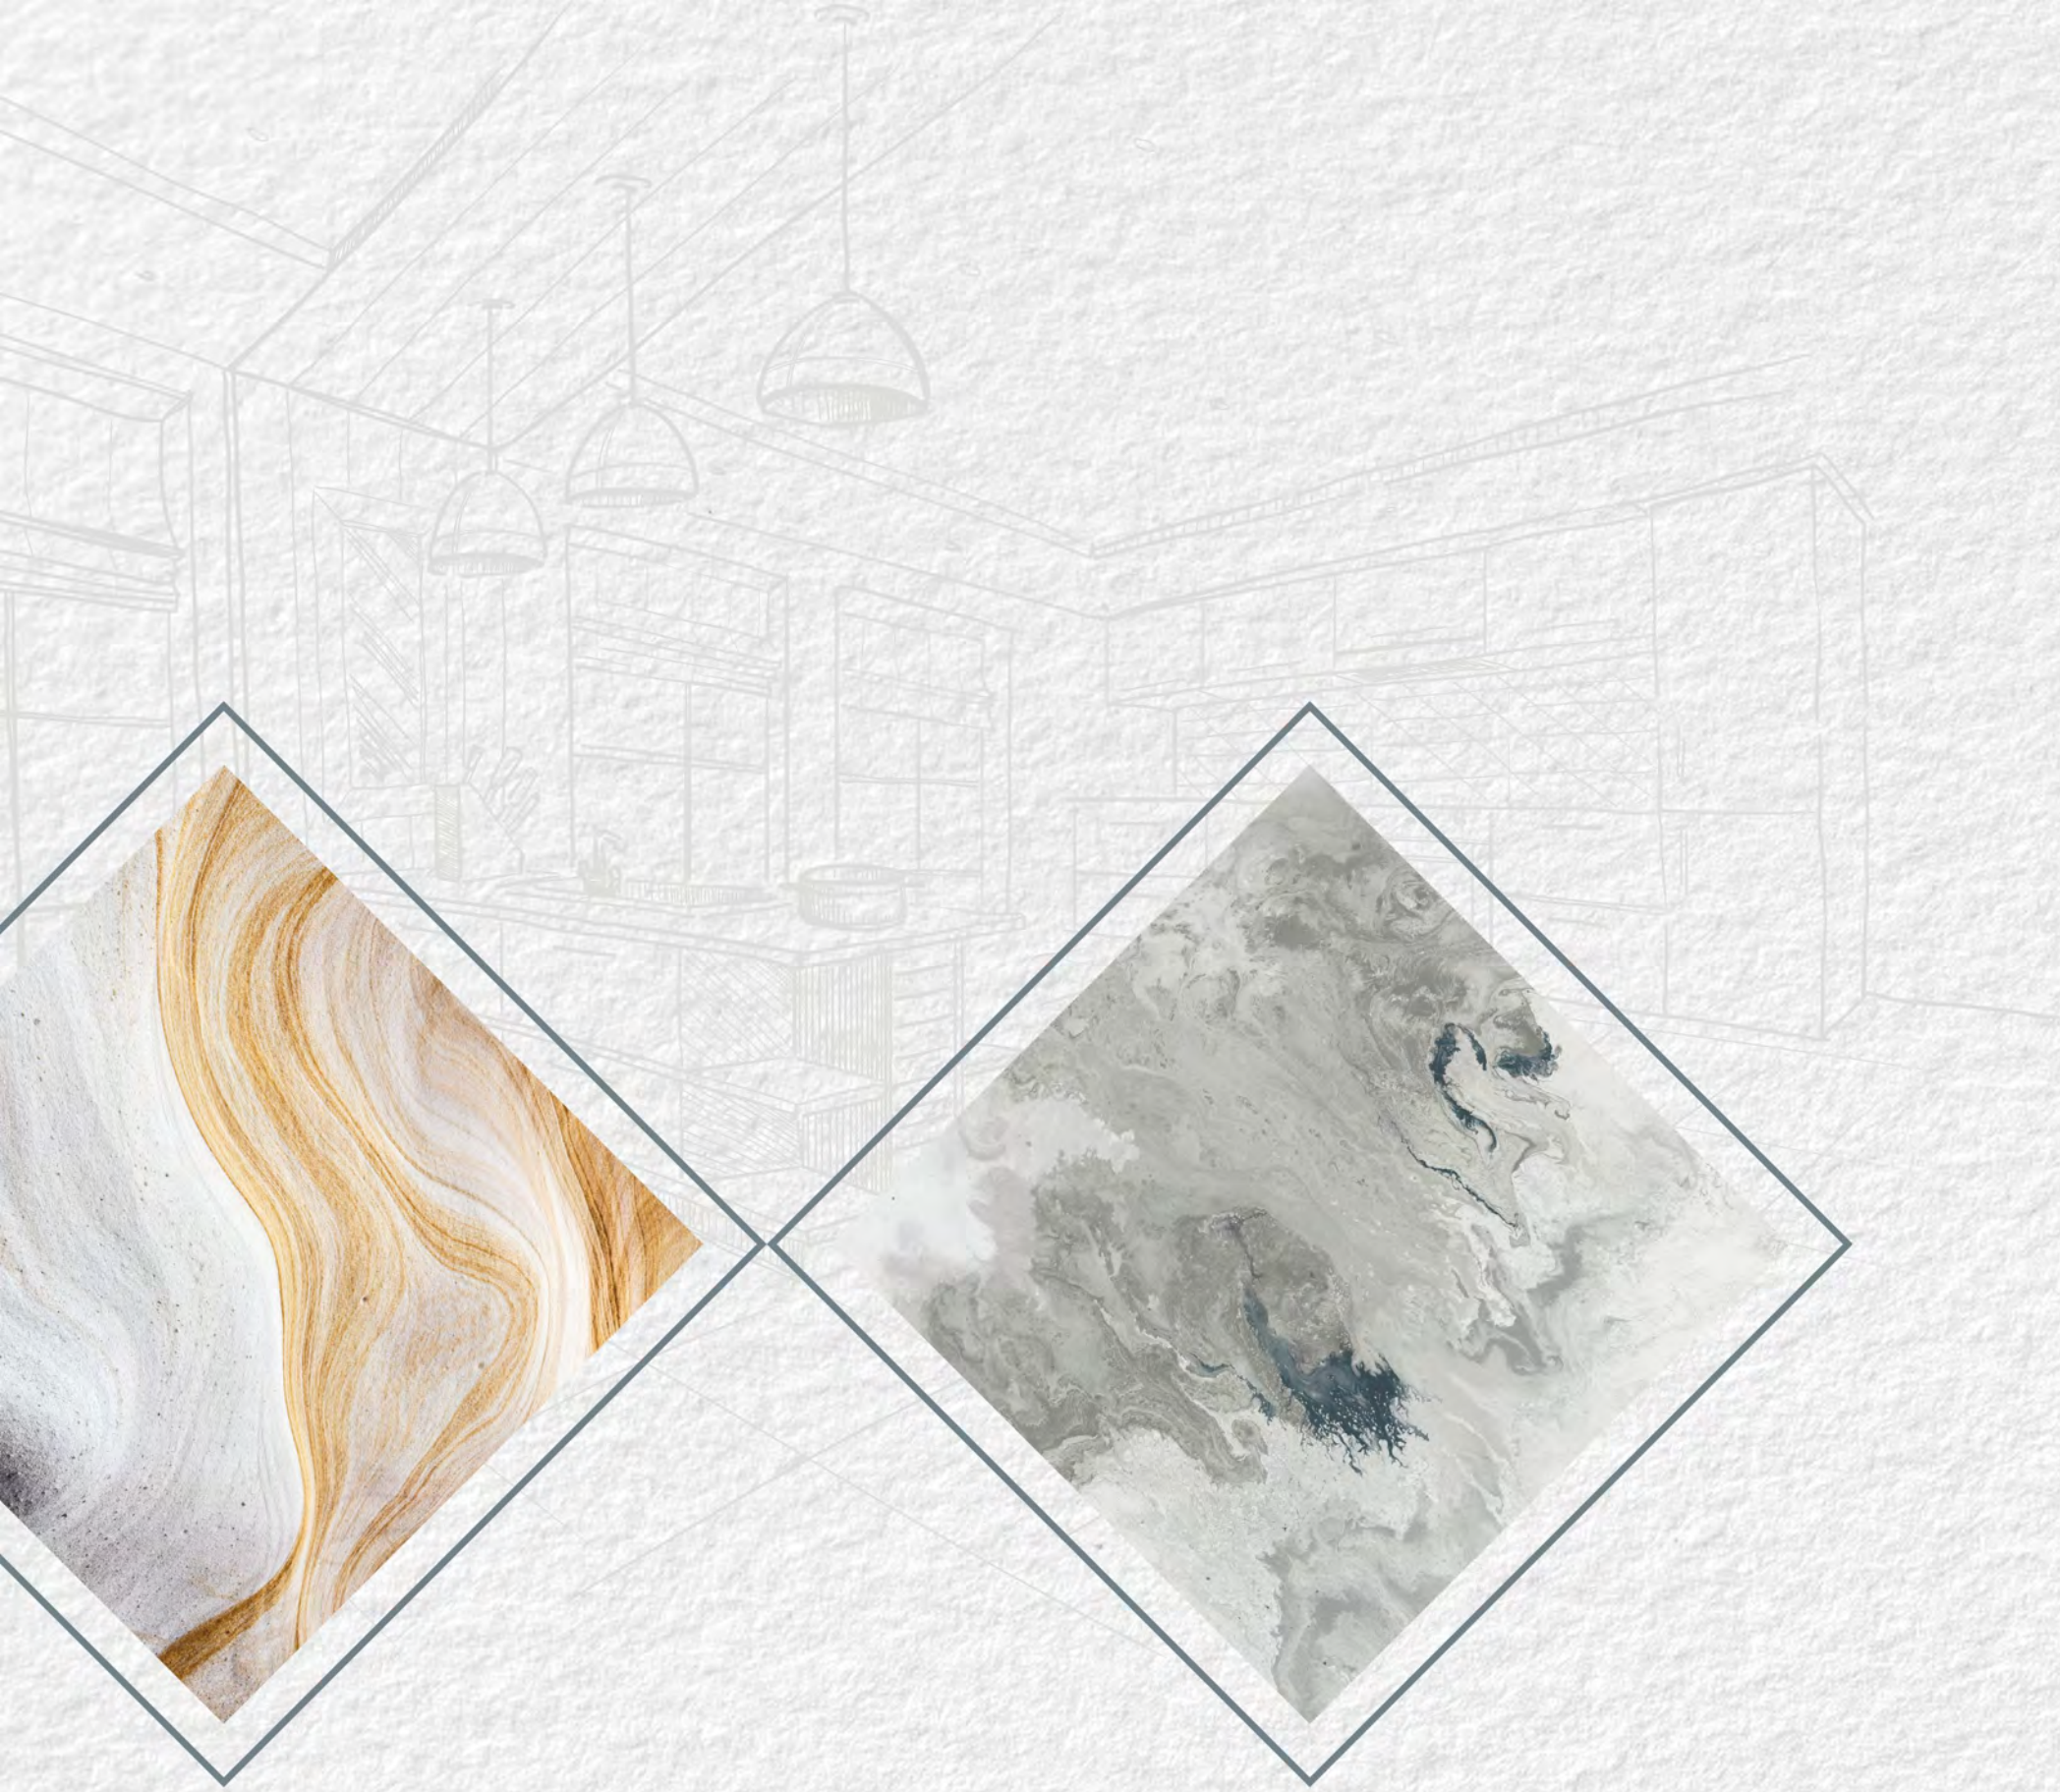

This collection is an eclectic blend of quality, strength and style - giving a unique tactile and visual experience. Unleash creativity and imagination for your dream spaces, creating a graphic marvel that will defy time and become your joyful soul space.

About Us

At Signature we blend the years of experience with spontaneity & creativity to bring out the best in industry. Through constant experimentation, enthusiasm, passion and diversity of a zealous group of people, we have managed to establish a space where technology and inspiration combine fantastically. In industry where some sellers focus on innovation, the other few choose to concentrate on variety, Signature has adopted a holistic strategy of encompassing all the attributes of the product. Signature epitomizes consumer-first approach with an enduring combination of innovation, unique variety and quality. The Signature collection brings a light-hearted, decorative touch to contemporary spaces. The versatile and heterogeneous colours are specially designed to meet the most diverse stylistic and design requirements.

RADIANT GLAMOUR

Let your space experience the divine presence of amazing spirits that are ingrained deep in our laminates. Passionate shades and interesting textures make this set versatile and vivacious at the same time.

- No guarantee & no exchange in any circumstances.
- There can be color variation in material from different batches.
- It is advised to use same batch material to avoid color variations.
- Actual colors of the laminate sheet may vary from this brochure.

CARE OF LAMINATES

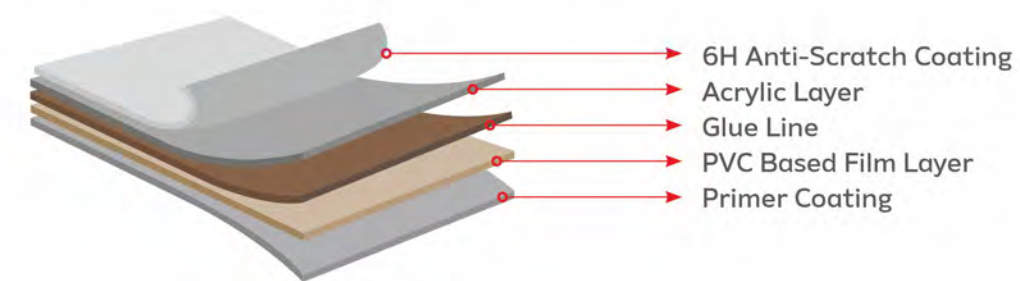

Signature Laminate are manufactured with aesthetics and durability in mind. When used as recommended and with appropriate care, our laminates will last through the years. Signature laminates are easy to maintain.

- Cleaning should be done with water and dean, non-abrasive cloth.
- To remove more stubborn stains, use mild household cleaners like colin IP gently wipe down with a non-abrasive cloth.
- Avoid the use of abrasive liquid cleaners, bleaching compounds or solution as these may damages the surfaces of the laminate.
- Do not place hot cookware directly on the laminate. Prolonged exposure to temperatures above 30 degree Celsius may cause damage to the laminate surface.
- Do not use the laminate for purpose that it is not intended for (E.g. do not iron, chop, hammer or expose the laminate to open flame.
- Outdoor application of the laminate with exposure to direct sunlight and weather conditions are not recommended.
- UV rays may reshape the laminate.
- Gloss surfaces are recommend only for vertical application.
- Do not use thinner and lolvene on the surface of the Signature laminates. This may cause decourisation of the surface.
- Typically confirm to internationally recognize technical standards.
- Have a thickness balance of $\pm 10\%$.
- Peel off the protective film after processing.

IMPORTANT INFORMATION

Air bubble formations on Laminate :

- Using of water based adhesive or other than PVACP (Polyethylene Vinyl Acetate co-polymer) adhesive may also lead to air bubble after the installation of acrylic laminates. We recommend to use adhesive.
- Bonding of acrylic laminates under high humidity atmosphere.
- Using uneven surfaces substrate (Plywood, MDF, Particle Board) Lead to at particular area of acrylic laminates and air bubble appear at that area after the installation.
- Due to uncertain weather condition, base substrate may absorb moisture and after few days of installation base substrate gradually loses moisture resulting in air bubble formation between acrylic laminate and substrate.
- When more than 8' x 2' of Acrylic laminates is used for panelling, it can lead to air bubble after installation.
- Lack of bonding / pressing during the time of installation of acrylic laminates may lead to air bubble.
- Acrylic laminates should be kept evenly straight. It the laminates are in roll form, it should kept straight for minimum 48 hours and then can press and laminate on the surface for better results.

Signature is not responsible for any damage, cracks, bubbles of colour fading if the sheets are not checked when delivered and are not properly applied as instructed above.

Available Size :

2440mm x 1220mm (8 ft x 4 ft)
Thickness - 1.5 mm ($\pm 10\%$)

Edge Bending Size :

Size : 25mm ($\pm 5\%$)
Thickness - 1.2 mm

- 50% lighter than real glass.
- Can be written with marker (high-gloss) or chalk (matt).
- Impact resistant and 10 times more durable than real glass.
- Colour and UV stable even harsh conditions.
- Scratch resistant even in daily use due to hard coat finish.
- Easy to clean thanks to dirt-resistant coating.

1.5MM
THICKNESS

Advanced processing procures the right amount of manufactured thickness which provides forever strength to the laminate sheets.

LIGHT
WEIGHT

The flawless design structure of our acrylic sheets is engineered to be extremely light weight and easy to apply.

Please open the roll immediately. Do not pressurize while opening roll.

DURABILITY
& STRENGTH

Our acrylic sheets develop with technologically and advanced processing are anti-scratch and stain resistant.

IDEAL FOR VERTICAL
APPLICATION

The exemplary adhesion properties enables our collection of acrylic sheets to be presented in vertical.

Wipe the surface clean using a light circular motion.

WATER &
STAIN PROOF

Our 6H acrylic sheets are manufactured to repel water and stains for a long time.

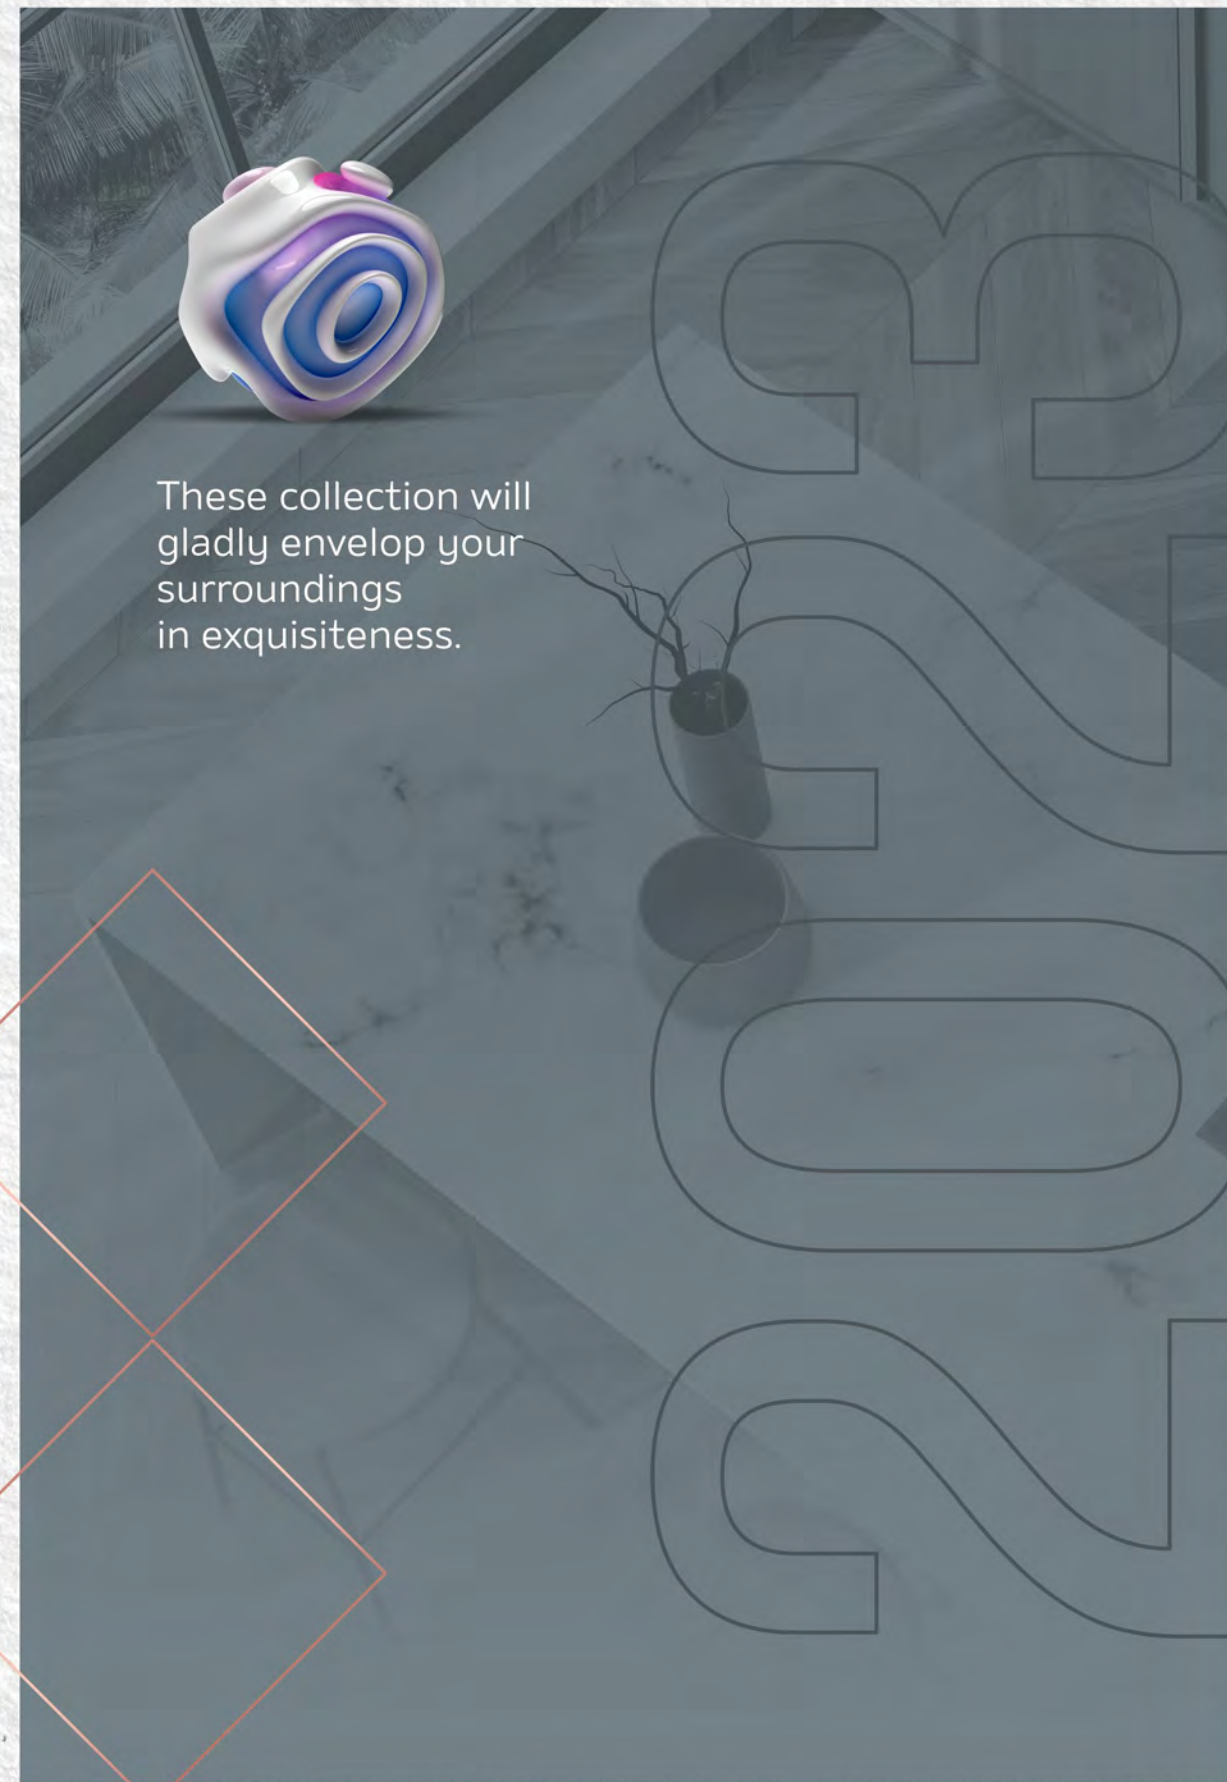

TERMITE &
BORER FREE

The advanced sciences enables our acrylic sheets to fight against termites and borers for several years.

Shake it well and lightly spray on the surface.

These collection will gladly envelop your surroundings in exquisiteness.
